

Chaumet C
£2,500.00

A very desirable Chaumet Coral, Onyx & Diamond Ring. A beautifully crafted signed ring by the renowned Parisian jeweller Chaumet, fashioned in luxurious 18ct yellow gold. This elegant design features 2 polished natural coral and 3 black onyx cabochons, alternating with a total of 8 stunning brilliant-cut diamonds to create a striking balance of colour, light and texture. All the stones are rub over set into the 18ct gold. The softly sculpted settings flow seamlessly into the rounded gold band, demonstrating the refined craftsmanship and understated elegance for which Chaumet is celebrated. The vibrant coral contrasts beautifully with the deep black onyx, while the diamonds add subtle brilliance without overpowering the design. Founded in 1780, Chaumet is one of France’s oldest and most prestigious jewellery houses, renowned for creating exceptional pieces for royalty, aristocracy and discerning collectors. Signed Chaumet and with French hallmarks, this ring is a sophisticated example of late twentieth-century French designer jewellery. Whether worn as a statement dress ring or added to a collection of signed pieces, it is both elegant and increasingly collectable. This ring can be resized.
