

9ct Gold Ri
£585.00

A striking vintage signet ring set with a richly coloured bloodstone, crafted in warm 9ct rose gold. The oval bloodstone displays its characteristic deep green ground flecked with natural red inclusions, a material long associated with strength, protection, and tradition.

The stone is framed by a bold ribbed shoulder design, giving the ring strong presence and a distinctly mid-20th-century character. The combination of sculptural goldwork and the earthy intensity of the bloodstone makes this an enduring and wearable piece, equally suited to everyday wear or as a statement signet.

Dating to circa 1940, this ring reflects classic British signet styling of the period and remains in very good vintage condition, with light wear consistent with age.
