

Zenith Ref.
£3,600.00

A classic design in an incredibly sharp case.

Our present Zenith chronograph, with the reference A279, features a silver sunburst dial that shifts attractively with the light, paired with contrasting grey subdials that give the layout depth and definition.

Its 37mm stainless steel case is crisp and well defined, with a compact size that suits a vintage chronograph.

The crown carries Zenith's double-Z logo, a charming detail for a watch from the late 1960s. This is an uncommon model from a period when many manufacturers were moving towards automatic movements.

Inside beats the Zenith calibre 146D manual winding movement.

It has been thoroughly inspected by our watchmaker, is fully functioning and keeping good time.

To give collectors peace of mind we provide a 1 year mechanical warranty.
