

### **APOLLO Silver Plate - French Art Deco - 4 Piece Tea Set £500.00**

An excellent example of a French silver plated 4 piece Art Deco style tea set made by "Apollo". Main pieces have a dark wooden handle.

Set comprises teapot, water pot, milk / cream jug and sugar bowl.

All apart from the teapot are marked as per the final image above.

In excellent condition - we've had the set re-plated, so looks pristine. Some very light surface marks but in general excellent order.
