

**Omega Gilt Dial Bull Horn Lug Vintage Cal. 26**  
**£2,750.00**

A rare find vintage Omega Bullhorn lug watch from 1936. In fine working order this vintage piece is in excellent all round condition. Rare black Gilt dial that appears in fine original order. Bronze coloured hands and roman numeral hour markers with subsidiary dial.

Manual wind operating from a Caliber 26 that provides a power reserve of up to 37 hours. This is the older caliber movement to the 30t2 generation,

35mm stainless steel case, brown leather strap fitted neatly to within the Hull horn lugs on the case.

This watch can not be considered waterproof. An excellent example of a classic mid 30's Omega Wristwatch.
