

**Zenith 143-6 Caliber 18ct Yellow Gold Chronograph
£1,950.00**

What a truly stunning vintage Zenith Chronograph that is signed throughout and in a completely unrestored and original state with the dial going a natural tropical colour in a process that can only occur naturally over time.

This watch is from the 1950's and is a flat pusher chronograph using a 143-6 Caliber manual wind movement. 18ct Yellow gold case. Approximately 35.5mm case size (without the crown). In house Zenith Caliber hi end castle wheel movement.

Fitted to a generic brown leather strap and steel buckle, due to its age we would not consider this watch to be waterproof. Plastic glass. In fine condition throughout and good working order.
