

SHAPIRO & Co
since 1979

**Natural Fancy Yellow Diamond in 18ct White Gold date circa 1970,
SHAPIRO & Co since 1979**

£3,750.00

Q: What is special about yellow diamonds?

A: Yellow diamonds are created through high levels of nitrogen in the jewel and are often preferred for their natural warmth. Yellow diamonds can come with orange, brown, or even green tints in them, adding to their eye-catching qualities. They are considered natural fancy coloured diamonds.
