

Reversible 18ct Gold Glitter Finish Earrings | Italian c.1960s POA

A timeless, chunky pair of reversible earrings in 18ct yellow and white gold, likely crafted in Italy around the 1960s.

Each earring curves into a compact domed hoop, with one side in warm yellow gold, the other in cool white, both sides finished in a shimmering texture that resembles crushed diamonds.

Versatile and chic, they sit snug to the ear with a hidden hinge, and can be worn to suit your mood, warm yellow gold, white, or a mix of both.

Diameter approx. 1.7cm. Width 0.9cm. Hallmark: 750.
