

## **Aquamarine and Diamond Ring in Platinum | English c.1950s POA**

A beautifully made ring from 1950s England, set with a 2.5 carat emerald cut aquamarine in platinum.

The stone is a luminous, clear pale blue, held in a fine platinum setting with delicate millegrain edges and a softly pierced gallery.

Each shoulder is set with small antique cut diamonds to frame the centre stone.

Marked 'PLAT' inside the band, the ring sits comfortably on the hand and wears beautifully, on its own or alongside a slim wedding band.

Currently size N½ and can be resized if needed.
