

Omega Dynamic Geneve 135.033
£895.00

Watch: Omega Dynamic Geneve 135.033
Stock Number: CHW5781
Price: £895.00

What a bit of nostalgic fun, screaming 60's / 70's this Omega Dynamic Geneve 135.033 is a wonderful vintage Omega for under £1000!

Still fitted to its original white Omega Strap with signed buckle (additional straps can be sourced) it's been through our watchmaker and workshop to be in fine working order and very good all round condition. Yes it shows some marks and yes we have left unpolished but that is all part of its charm.

One of the more rarer dial configuration's being navy blue with baton hour markers, white hands and a blue ticking seconds hand.

41mm x 36mm oval steel case with steel bezel. Original steel signed omega crown.

Automatic movement operating from a Calibre 601.

Our View - Great fun watch, unlikely to see another and worthy of being a daily wearer or one for the collection.

Antique ref: CHW5781
