

Longines 8888 Cal. 30L
£595.00

Watch: Longines 8888 Cal. 30L
Stock Number: CHWA1008
Price: £595.00

This Longines 8888 from 1962 operates from a Calibre 30LK manual wind movement that is working in excellent order having just passed through our watchmaker.

35mm stainless steel case with steel crown and fitted to a generic dark brown almost maroon coloured generic leather strap and steel buckle.

Off white coloured dial that has aged and discoloured to the bottom edges and beside the 3 but then that is what you would expect of a watch over 60 years old. Silvered hands and line hour markers with the subsidiary seconds dial above the 6.
