??? Our View:

This is a truly well-kept vintage Rolex Datejust 16233, offering incredible value for a full-set two-tone Datejust. The warmth of the gold dial, crisp fluted bezel, and classic proportions make this an enduring staple of Rolex design. The sapphire chip is minor and unobtrusive, and the bracelet—though slightly sagging—adds to the watch's authenticity and charm. A fantastic investment and a daily wear classic.
