A lovely example of the much sought after Blue Lapis Dial Must De Cartier with its original box, our 12 month warranty and insured next day shipping.

23mm wide and 30mm long this vermeil model is gold plated with the plating still intact. The More sought after mechanical wind version this one has a blue dial with gold hands to match the gold coloured Cartier logo and stamp on dial. The blue cabochon in the crown. Mineral glass and not waterproof.

We have left on the Cartier black strap that does show some wear as you would expect but generally in very good condition and certainly wearable with the leather cleaned and treated it also has the Cartier buckle in place.

A really lovely perfectly working classic Cartier from the 80's available now.
