Price: £1750.00

Cartier Tank Must de Cartier 590005 | Lemon Dial | Large Size | Excellent Condition

Another much sought-after Cartier classic — the Tank Must de Cartier Ref. 590005 — has just landed in stock. This version features the larger case size (23mm x 30mm), a rare lemon dial, and comes fitted to its original Cartier croc strap and buckle.

The vermeil (gold-plated over silver) case remains in excellent condition, and the watch operates flawlessly thanks to a recent battery replacement. A stunning vintage dress piece with modern presence, this Tank is ideal for collectors or first-time Cartier buyers.

Strap is original Cartier and well worn although fine to use with the wear to the inside, we have left in place as original Cartier strap but can change to generic strap upon request.
