An absolutely perfect example of the rarely seen Cartier Must De Cartier Ronde 1815-1 fitted to an original navy blue Cartier leather strap and steel deployment clasp whilst being presented in an authentic Cartier pouch.

Barley a mark to the watch its condition is 9.5/10. Sapphire crystal is scratch free, polished case looks excellent, up close there are some hairline scratches that you would expect but nothing significant in our view. No discolouration or markings to the perfect white dial. Strap has had very little use retaining all of its strength and shape.

33mm silver case, metallic blue hands with the classic and iconic black roman numeral hour markers that Cartier are famous for. Subsidiary seconds marker the centre dial is a perfect white with a more ivory colour to the outside.

Quartz battery powered with recent battery change. Guranteed provided for 12 months and next day shipping or collection from Mayfair, London.
