Cartier Tank Vermeil 5057001 | Full Service | Rare Arabic Dial | Replated | Pouch

This beautiful Cartier Tank Vermeil is truly something special. Recently fully serviced, freshly gold re-plated, and fitted to a brand-new black leather strap, this rare reference 5057001 is in excellent condition throughout and presented with a Cartier pouch for safekeeping.

A hard-to-find dial configuration distinguishes this watch — featuring a clean white face with Arabic numerals instead of the traditional Roman layout. The signature Cartier blue sword hands and classic Tank rectangular profile bring timeless elegance to this piece.

The 20mm x 28mm case is gold-plated over sterling silver (vermeil), with a polished finish, clear mineral crystal, and a quartz movement inside for fuss-free accuracy. While elegant and stylish, please note this model is not water-resistant.
