

Zenith A788 El Primero Blue Dial Vintage Steel Chronograph
£4,750.00

Pleased to present here a very uncommon gorgeous El Primero and not often seen Zenith reference A788.

An overlooked watch from the early period of the El Primero production.

Our present example has a well preserved blue dial from the 1970s.

Its 38mm pebble tonneau shaped case is in attractive condition with a thick case.
