Cartier Must de Cartier – Ref. 590003 – Trinity Style Dial – 30mm

An exceptional example of the Cartier Must de Cartier 590003, this vintage model presents in 8.5/10 condition with minimal signs of age and a beautifully preserved Trinity style dial. A refined and elegant piece of Cartier history, ready to wear and enjoy.

The 30mm x 30mm gold-plated case remains in excellent shape, showing only the lightest blemishes visible under close inspection. The iconic blue cabochon stone in the crown is intact and original, perfectly complementing the metallic blue hands.

The standout feature is the Trinity-style dial — a striking white outer ring with the classic black Cartier Roman numeral hour markers. The quartz movement has benefitted from a recent battery change, ensuring reliable accuracy.
