

Van Cleef & Arpels Coral 'Rose de Noël' Clip-Brooch POA

Van Cleef & Arpels Gold and Diamond 'Rose de Noël' Clip-Brooch, France A flower-shaped brooch featuring heart-shaped angel skin coral petals, centering a floret of eight round diamonds totaling approximately 1.30 carats, set within polished, radiating stamens. Crafted in 18k yellow gold. Signed Van Cleef & Arpels, Made in France, with maker's mark, French assay mark, and numbered. Introduced in 1970, the Rose de Noël collection pays homage to the winter-blooming “Christmas rose” — a symbol of beauty, resilience, and seasonal hope. The signature design features six cabochon petals carefully curved and layered to create a three-dimensional, gently swaying bloom. Each version departs slightly from symmetry to evoke natural movement.
