

Bvlgari Serpenti Secret Watch Bracelet POA

A masterpiece of exquisite craftsmanship and timeless allure, this Bvlgari Serpenti bracelet seamlessly intertwines the house's bold Roman heritage with Swiss precision. Meticulously sculpted in sinuous, lifelike coils, the bracelet is adorned with rich, hand-applied enamel scales—each one a miniature work of art—evoking the hypnotic beauty of the serpent, a symbol of transformation and eternal elegance.

Concealed within the serpent's head lies a hidden treasure: a miniature timepiece powered by a Jaeger-LeCoultre movement, reflecting a rare collaboration between two icons of luxury. The seamless integration of watchmaking and jewellery design transforms this piece into more than an accessory—it becomes a talisman of sophistication, mystery, and innovation.

Wear it not simply to mark time, but to make a statement. Bold. Refined. Unforgettable.
