

18ct Gold & Silver Rose-Cut Diamond Crescent Brooch POA

Graceful and luminous, this large crescent brooch is a stunning example of antique elegance. Crafted in a combination of 18ct gold and silver, it is set with approximately 8 carats of rose-cut diamonds, each one delicately hand-set to follow the gentle curve of the crescent moon.

The soft sparkle of the rose-cut diamonds—prized for their antique charm and subtle brilliance—beautifully complements the romantic silhouette, evoking the celestial motifs so beloved in Victorian and Edwardian jewellery.

Timeless, symbolic, and steeped in history, this brooch makes a captivating statement on a lapel, sash, or even in the hair. A true collector's piece with enduring allure.
