Omega Seamaster 1963 Vintage Automatic – Calibre 552 | Champagne Dial | Ref. 1655410

A classic example of Omega's vintage watchmaking, this 1963 Seamaster (ref. 1655410, serial 240982) offers everything you'd want in a collectible timepiece: character, heritage, originality, and excellent mechanical condition.

This reference features the legendary Omega Calibre 552 automatic movement, housed in a 34mm stainless steel ALD-signed Dennison case (36mm with crown). Dennison, a respected British case manufacturer, produced cases for Omega during this era — ensuring compliance with UK import duties while maintaining Swiss quality standards. The combination of a Swiss-made Omega movement and a British Dennison case gives this watch added historical significance and collectability.

#### Key Features

Year: 1963 (based on serial number)

Reference: 1655410 240982

#### Condition

Dial: Champagne, beautifully aged with warm vintage tone

Case: Good original condition – unpolished with expected signs of age

Crystal: Minor scratches – original plexi maintained

Movement: Runs reliably, strong amplitude

Strap: New luxury blue leather, excellent condition

#### Our View

Vintage Omega Seamasters continue to rise in demand, and this 1963 example is a beauty. The champagne dial and ALD-signed Dennison case make it a standout, offering both historical value and timeless elegance. The pairing of Omega's robust Calibre 552 movement with a British-made Dennison case is highly collectible and adds to its provenance.
