Cartier Roadster 2510 | Discontinued Model | Automatic | 12-Month Warranty

This discontinued Cartier Roadster 2510 is presented in excellent condition and working order, making it a highly sought-after collector's piece. Known for its distinctive tonneau (barrel) case and bold design language, the Roadster is one of Cartier's most iconic modern watches — and increasingly difficult to find in this condition.

This model is powered by a Cartier automatic movement and features a 37mm stainless steel case, white dial with black Roman numerals, and a date window at 3 o'clock. The sapphire crystal and screw-down crown complete the sporty yet refined aesthetic.

Fitted to a signed Cartier stainless steel bracelet with a double fold hidden clasp, this Roadster will fit wrists up to 17.5cm. The interchangeable bracelet system also allows for quick switching to leather or rubber straps for added versatility.
