Omega Constellation 1562.30.00 – Ladies Mini Quartz | 22.5mm with Omega Case

Discreet, elegant, and unmistakably Omega, the Constellation 1562.30.00 is a beautifully compact ladies' watch designed specifically for smaller wrists. At just 22.5mm, this "Mini" Constellation combines subtle proportions with timeless Swiss luxury.

The cream dial with silver-tone baton markers is refined yet versatile, protected by a domed scratch-resistant sapphire crystal. Inside, a precise quartz movement ensures reliability, recently serviced with a fresh battery change.

This example is offered in excellent 9/10 condition, professionally polished, and presented with an Omega case — a rare find in such well-preserved state.
