

Nivada Vintage Swiss Chronograph Landeron 248
£1,650.00

A watch from Nivada a historic Swiss brand that has seen a resurgence in interest thanks to some of their newer models taking strong inspiration from their back catalogue.

Our current vintage example has a cool dial with light patina and timing tracks in black, red and blue.

Its 36mm stainless steel case presents well.

Comes on a light brown calf leather strap with colour matched stitching by SM Urban Straps.
