

**Piaget 'Possession' 18k Yellow Gold Diamond Ring, 1990 -
info@marksjewellery.co.uk
£4,500.00**

An iconic and beautifully engineered Piaget Possession ring, crafted in 18k yellow gold and set with brilliant-cut diamonds in signature rounded bezels. Dated 1990, this early example captures the original design's timeless symbolism — two interlocking bands, one of which rotates freely around the other, representing love, unity, and perpetual motion.

Impeccably made with the Swiss maison's signature precision, the ring has a luxurious weight of 18.44 grams and a softly rounded profile that feels both substantial and elegant on the hand. The polished gold surface contrasts perfectly with the sparkle of the diamonds, giving the piece a modern yet enduring appeal.

Accompanied by its original Piaget presentation box, this ring is a superb example of late-20th-century fine jewellery design from one of the world's most distinguished houses.
