

Cartier Must De Cartier Rare Discor Dial New Strap Cartier Pouch
£2,500.00

Description

Watch: Cartier Must De Cartier Vermeil

Stock Number: CHW6644

Price: £2500.00

Of all the Cartier Must De Cartier configurations this one has it all and is right up there as one of the most rare versions. Not the cheapest Must De Cartier we know but lets list why and then you may just realise this is excellent value.

1. Large Size, 23mm x 30mm makes this bigger than most.
2. Manual Wind rather than Quartz but better than that recently fully serviced.
3. New Strap , high quality generic purpose made green leather strap
4. Cartier pouch, presented beautifully
5. The Dial, its all about the rare Discor dial that this watch has.

Recently serviced this manual wind Cartier runs at around +3 seconds per day with a really healthy amplitude / power reserve. We of course guarantee the watch for 12 months.

23mm x 30mm makes this one of the larger Must De Cartier, case condition is excellent with no replating and just minor running for what we believe to be an early 90's watch its in excellent condition throughout.

- - Not Waterproof - -

New generic high quality purpose made green leather strap with plated buckle this can of course be changed upon request. Dial stamped Must De Cartier and original to the watch look up close to the champagne colour to see the dial effect and pattern known as the Discor dial.

In stock for collection from Mayfair or next day delivery.
