

**Cartier Tank Must De Cartier Tank New Strap Some Paperwork and Cartier pouch**

**£1,950.00**

Watch: Cartier Must De Cartier

Stock Number: CHW6645

Price: £1950.00

A lovely example of the Cartier Must De Cartier brought to life with a new strap. Ivory coloured dial with the iconic Cartier black roman numeral hour markers this is the version we all associated with Cartier.

Manual wind movement with a gold plated steel case measuring 20 x 27mm. No replating although can be done upon request so some rubbing can be seen around the shoulders as you would expect with a watch of such age.

Recent glass change so glass in near perfect condition, new and unworn brown high quality generic purpose made strap.

Presented with a 12 month guarantee, Cartier service pouch and some paperwork to include previous Cartier service papers.

We think this is a great example, a perfect gift maybe. Original and untouched so gives a vintage feel with a new look on the strap and of course with all the bits and pieces perfectly presented.
