

Timeless Burmese Ruby Full Eternity Ring

£2,650.00

A striking and highly collectable ruby eternity ring, finely crafted in 18ct white gold and set with a continuous line of thirty-six square-cut natural rubies, totalling approximately 3.60 carats. Each ruby weighs around 0.10ct, beautifully matched for colour and saturation, creating a rich, uninterrupted ribbon of deep crimson around the finger.

The rubies are Myanmar (Burma) origin with no indications of heat treatment — a rare and highly desirable combination, particularly within a full eternity format. The stones are channel set, offering both elegance and durability, while allowing the vivid colour of the rubies to take centre stage.

Sleek, architectural and timeless in design, this ring works perfectly as a statement eternity band, an anniversary ring, or a luxurious stacking piece.
