

Omega 131.002-64
£1,100.00

Watch: Omega 131.002-64
Stock Number: CHW6753
Price: £1100

From 1954 this Omega Geneve Reference 131.002-64 had had the dial refinished at some point but to be honest who cares! Its an absolutely stunning watch perfectly paired with anew blue leather strap and working exceptionally well.

35mm stainless steel case housing a manual wind 266 Calibre movement. The dial would most likely have originally been stamped Geneve however this one states Seamaster 30. Silver striped effectdial with gold coloured baton hour markers with navy blue metallic hands that match the strap.

Omega signed crown and fresh plexiglass.

Condition all round is excellent, strap new and unworn.

We love this watch, yes its been refurbished but to a high standard and gives a more modern feel and look to a watch that is over 70 years old!

Antique ref: CHW6753
