

## **Platinum Large Square Aquamarine and Diamond Ring** **£3,950.00**

A striking statement ring crafted in 950 platinum, centred with an impressive square-cut aquamarine weighing approximately 10.00 carats. The crisp, cool blue tone of the aquamarine is beautifully complemented by the clean lustre of the platinum setting.

Accentuating the centre stone are diamonds totalling approximately 0.32 carats, adding refined sparkle and balance while allowing the aquamarine to remain the focal point. With its bold scale and elegant proportions, this ring wears superbly as a standout cocktail or dress ring.

Elegant yet impactful, it is a refined choice for collectors of fine gemstones or anyone seeking a distinctive aquamarine statement piece.
