Our favourite dress watches this IWC is simply stunning, a beautiful piece that's a worthy addition to any collection. Classic Portofino design and a touch of sportiness makes the Portugieser.

39mm stainless steel case which could be considered the perfect size for a dress watch. Black dial with stick bronze coloured hands and hour markers with hacking seconds hand. The Strap being original to the watch is a dark brown alligator leather.

Sapphire scratch resistant crystal that has an anti reflective coating. Chronograph function makes this an elegant timepiece.

Automatic movement (79350) with a 44 hour power reserve. Water resistant to 30 meters.

Condition - Exceptional throughout, has been worn but clearly not a great deal. No marks or scratches to note. Protective film to case back. Leather in excellent condition, shows minor wear to the inside but appears unworn to the outside.

Dated to July 2025 by the warranty this watch is still under guarantee with IWC until 2027. Inner and outer box, manual and swing tag all included.

A huge discount to this now discontinued model which had an RRP of £5500! Next day delivery included or collection from Mayfair, London.
