Black Starr & Frost Diamond and Platinum Cocktail Wristwatch, with Longines Movement, Circa 1930
£28,000.00

A Black Starr & Frost, Art Deco diamond and platinum cocktail wristwatch, featuring a rectangular off-white dial with cut corners, black Roman numerals, hands, and floral motifs, within a diamond and synthetic sapphire set two part case, the is crown set with a cabochon synthetic sapphire. The bracelet is comprised of two claw set, emerald-cut synthetic sapphires, followed by open, brilliant-cut diamond set square links, joined together by baguette-cut diamond bars, mounted in platinum. Inside is a mechanical movement by Longines. The inside of the case is marked PLATINUM with a monogram, numbered 470 and with service marks PE 6/21; P110947; PIE10046; P-114263; X9704;4-37B; 11-2-35B; 6-22-34B; 7375; 6-27-3. The outside of the case is signed Black Starr & Frost, circa 1930. The total estimated diamond weight is 10.00 carats.

Caring for your early 20th century watch: watches of this period are not sealed so they should not be worn near water, Even hand washing or wearing in the rain can cause damage to the movement. If your watch does get wet please dry it as quickly as possible. You can open the case to make sure there is no water in the movement. An annual service will keep the watch in best condition.
