Downstairs at Grays: Platinum & 18ct Yellow Gold Diamond & Ruby Hexagon cluster ring, English Circa 1920
POA

A superb 18?carat yellow gold ring, platinum?tipped and set with a striking hexagonal diamond cluster. The centre is pavé?set in platinum with seven old round?cut diamonds, forming a crisp geometric hexagon. Each shoulder is adorned with three modified step?cut rubies, individually set in platinum, leading to a smooth 18?carat yellow gold shank. Finished throughout with elegant millegrain edging.

English.
