

9ct Trombone Link Albert Chain - Spectrum Antiques POA

This elegant Albert chain is crafted in solid 9ct yellow gold, designed in the much sought-after elongated trombone link style. The clean, geometric lines of the links give this chain a bold and refined appearance, making it a versatile statement piece.

The chain is fitted with a classic T-bar drop and swivel clasp, true to traditional Albert chain design, originally used for pocket watches but now highly collectible as jewellery. Its light antique patina enhances the warmth of the yellow gold, highlighting its vintage character.

A fine and highly wearable antique, this 9ct trombone link Albert chain is a desirable addition for collectors and a timeless accessory that works equally well with fobs, locket, or as a standalone necklace.
