

## **Victorian Silver Cuff - Spectrum Antiques POA**

A striking and beautifully detailed Victorian silver cuff bracelet, fully hallmarked for Birmingham, 1882. The piece features intricate hand-engraved foliate patterns with applied beadwork and pierced panels, accented with delicate yellow and rose gold floral overlay.

This bold design perfectly captures the exuberant style of late 19th-century jewellery, combining ornate craftsmanship with structural beauty. The wide hinged band fits comfortably around the wrist, with a secure clasp and internal diameter of approximately 2.4 inches.
