

## **Edwardian 9ct Gold Suffragette Emerald, Amethyst & Pearl Festoon Necklace - Spectrum Antiques POA**

A beautiful Edwardian festoon necklace in 9ct yellow gold (tests as), set in the classic suffragette palette of purple, green and white. The design centres on an elegant openwork motif with a vivid amethyst to the middle, complemented by an emerald drop and finished with natural pearl drops that add soft movement and period charm.

With its draped chain swags and gemstone-set stations, it sits neatly at the neckline as a distinctive early 20th century statement. Measuring approximately 15 inches, this is a refined and wearable piece of antique jewellery with excellent colour and presence.
