

18ct Gold Unicorn Signet Ring- Spectrum Antiques POA

A beautifully crafted antique 18ct yellow gold signet ring, featuring a charming and detailed engraved unicorn crest to the face. Rich in symbolism and heritage, the unicorn has long been associated with strength, purity, protection, and nobility, making this a striking piece with both meaning and timeless appeal.

The ring has a classic signet profile with a smooth, softly domed top and broad shoulders, giving it a bold yet wearable presence on the hand. The gold has developed a warm antique glow over time, offering that unmistakable character that only genuine vintage jewellery can provide.

Stamped with traditional British hallmarks including a full-rubbed "18" mark, this piece dates to approximately c.1900, and also retains the maker's mark "C.G & S", adding further authenticity and collectability.

A special and highly wearable antique ring — perfect worn alone as a statement piece or stacked with other bands for a more modern look.
