Omega Genève – Ref. 1360.104 – 35mm – Silver Dial – Cal. 1030 – Manual Wind – Full Set – 1979/81

Let's be clear — this is not the cheapest Omega Genève from the 70s or 80s. But there are several compelling reasons why this example absolutely justifies its asking price.

Produced in 1979 (serial?confirmed) and first sold in the UK in 1981 (as evidenced by the original paperwork), this reference 1360.104 is a rare opportunity to acquire a complete, serviced, original Omega Genève set in exceptional condition for its age.

Our View

This Omega Genève 1360.104 is everything vintage collectors look for — original, complete, serviced and with full provenance. Produced in 1979, sold in 1981, accompanied by its original box, swing tag, and warranty paperwork, and finished with its original bracelet and spare links, this is a genuinely special full set.

When you combine originality, completeness and a freshly serviced Cal. 1030 movement, the value becomes clear. In our view, a superb late?70s Omega that stands far above the typical Genève examples on the market.
