

**Omega Seamaster Planetoccean 2200.50.00**  
**£3,150.00**

Watch: Omega Seamaster Planetoccean 2200.50.00  
Stock Number: CHW6792  
Price: £3150.00

The best example you will find of this Omega Seamaster Planetoccean reference: 2200.50.00 and here's why....

First and foremost this watch is in perfect working order having passed through our workshop and been regularly serviced, pressured tested too!

In terms of condition for a watch from 2008 we don't think it gets any better, glass, dial, case and bracelet all excellent condition.

What comes with this watch? Inner and outer original box, wallet, manual and warreny card (dated to 2008), additional unworn Omega Rubber strap.

2 x documented Omega service papers. Original Purchase receipt included.

45mm stainless steel case, full length steel bracelet with double fold clasp. Waterproof to 60 meters. Sapphire scratch resistant crystal. Black dial with luminous hour markers.

Powered by a 2500 calibre movement giving this automatic watch a power reserve of up to 48 hours.

All in all we think this may well be the finest example available of this model.
