

**Omega Seamaster Aqua Terra 231.10.30.60.56.001**  
**£1,700.00**

This classic yet robust timepiece represents a tribute to OMEGA's rich maritime heritage. The dramatic and easily-recognisable dial design of the OMEGA Seamaster Aqua Terra 150M collection recalls the wooden decks of luxury sailboats.

This model features a grey dial decorated with the Teak Concept pattern, diamond-set indexes and a date window at the 3 o'clock position. A scratch-resistant sapphire crystal protects this unique dial. The bezel is mounted on a 30 mm stainless steel case on a stainless steel bracelet. Powered by OMEGA's calibre 4651, a quartz precision movement.
