

Omega Geneve 166.098
£895.00

A classic piece from Omega's international collection, the Omega Ref. 166.0098 dates to 1971 and showcases timeless design and reliable Swiss craftsmanship. Crafted in durable stainless steel, the watch features a screw-in case back and offers water resistance up to 3 bar (30 metres / 100 feet), combining functionality with vintage charm.

Powered by Omega's automatic caliber 1481, this watch delivers precise mechanical performance, reflecting the brand's legendary commitment to quality. It comes fitted with a vintage leather strap that complements the watch's classic aesthetic. With its clean design, robust construction, and collectible heritage, the Omega Ref. 166.0098 is a sophisticated choice for enthusiasts of vintage Swiss timepieces and anyone seeking a stylish, dependable automatic watch.
