

**Jaeger Lecoulre Master Control Geographic 830.8.A9.S Q4128420  
£9,250.00**

Offered in unworn 2025 condition, this exceptional Jaeger-LeCoultre Master Control Geographic is one of the most elegant and practical travel complications on the market.

Crafted in 40mm stainless steel, the watch features the signature silver sunray dial with beautifully balanced displays including second time zone, 24-hour day/night indicator, date, city aperture world-time display, and power reserve. Powered by the in-house JLC Calibre 939AA automatic movement, it offers an impressive 70-hour power reserve and showcases the Maison's legendary finishing and precision. ?

This example is presented in unworn condition dated 2025, and comes as a complete full set with box, papers, manuals, and original accessories.

A standout addition to this set is the inclusion of two extra straps in grey and tan, giving the watch incredible versatility — perfect for both formal wear and casual travel styling.
