Omega Constellation 795.1243
£999.00

The Omega Constellation 795.1243 is a classic late 1990s model from Omega’s iconic Constellation line. It features a 22mm round stainless steel case paired with a matching stainless steel bracelet and push-button deployment clasp for a secure and comfortable fit.

The watch has a clean white analogue dial, protected by scratch-resistant sapphire crystal, offering both durability and a refined look. Powered by a precise quartz movement (Cal. 1456), it delivers reliable, low-maintenance performance.

Known for its compact size and elegant design, the Constellation line is ideal for everyday wear while still maintaining a classic, timeless appeal.

A simple and sophisticated Omega—perfect as a refined daily piece or a stylish addition to any collection.
