Condition Report

Case: Excellent overall condition with strong definition and only light age-appropriate wear.

Dial: Black dial in superb condition, clean and blemish-free.

Crystal: Mineral glass clear with no significant marks.

Bracelet: Stainless steel bracelet in very good all-round condition.

Pushers: Service replacement pushers (not colour-coded), fully functional and commonly seen on serviced examples.

Overall: Rated 9/10 — a very clean and attractive Flightmaster with outstanding dial and case condition.

Working Order

Recently tested and inspected in our workshop.

Performing very well and running as expected for a vintage chronograph.

Supplied with our 12-month mechanical guarantee.

Our View

The Omega Flightmaster remains one of Omega's most charismatic and collectible tool watches, with its bold 43mm case and highly practical dial layout giving it unmistakable presence. This example stands out for its excellent cosmetic condition and strong overall presentation. While fitted with service pushers, the quality of the dial, case and bracelet more than compensate, making this a very desirable and wearable Flightmaster.
