

## Art Deco Sapphire and Diamond Engagement Ring DBGEMS £5,000.00

I love this ring!....its a stylish diamond ring with 0.61cts of old European cut diamonds rubover set in a beautiful hand made crenulated panel, highlighted by graduating calibre sapphires millgrain set creating movement. Fine gallery work and engraving to the side of the shoulders shows the quality and attention to detail of a bygone age. All set in platinum. Head size 12.5mm. English circa 1915
