Watch: Tudor Pelagos 25407N
Stock Number: CHW7085
Price: £2500.00

Straight to the point, this is probably the cheapest Tudor Pelagos you will find with box and papers available for next day delivery!

Yes there is a blemish to the glass (shown in the images between 10 and 11) and yes there is a dink to the titanium case (shown in images at the bottom right lug) however that is reflected in the price.

This 2023 model complete with box, papers, tags and manuals etc is in perfect working order and may well be a perfect everyday watch. Leaving those imperfections in place means we can get this watch down to an unbelievable price.

Can be polished upon request if required.

The Pelagos being titanium is a super light watch that wears perfectly for a daily watch. Available in stock today.
