Vhernier 18k Rose Gold & Titanium Chain
POA

MON JEU CHAIN The twenty-four links of the chain, pairing the elegance of Vhernier's signature rose gold with grey titanium, express the Maison’s bold and innovative aesthetic. With its elements sculpted in flawless contemporary design, it can be turned into two bracelets. Or can be extended, adding one or more elements, through a simple play of the links’ joints. And so Mon Jeu can be transformed into a necklace, a double chain, a triple chain... The combinations are endless
