#### Working Order

Automatic calibre 1847 MC running correctly.  
All functions operating as expected.  
Reliable timekeeping and ready to wear.

#### Our View

The WSTA0053 is a brilliant evolution of the Tank, offering the timeless Cartier aesthetic in a slightly larger and more contemporary case size, paired with an automatic movement. The stainless steel bracelet makes it especially versatile for everyday wear, while still retaining the elegance the Tank is known for.

A superb choice for anyone wanting a modern Cartier with classic roots and practical usability.
