Silver Albert Chain With T-bar 18" - Saddingtons Jewellery Stand 375 £725.00

Silver Albert Chain With T-bar. A wonderful Edwardian sterling silver Albert chain featuring substantial curb links and fitted with its original T-bar. Traditionally worn across a gentleman’s waistcoat to secure a pocket watch, Albert chains have become highly sought after as versatile pieces of antique jewellery. Today they are equally stylish worn as necklaces, layered with pendants or charms, or incorporated into contemporary jewellery collections. This example is crafted in sterling silver, confirmed by the lion passant hallmark, and bears a maker’s mark of “W”. The chain retains its original T-bar fitting, an important feature that adds both authenticity and character as well as dog clip fastenings. The 55.2g weight and substantial curb links give the piece a pleasing presence when worn, while the classic design ensures timeless appeal.
